

## **CAREER OPPORTUNITIES WITH THE CORPORATE ENFORCEMENT AUTHORITY**

The Corporate Enforcement Authority (“CEA”) is a major element of Government’s overall strategy for tackling economic crime and corruption. The CEA, which will be a multi-disciplinary State agency, will be established over the coming months in accordance with the provisions of the Companies (Corporate Enforcement Authority) Bill 2021.

In preparation for the CEA’s establishment, a number of key senior positions are being advertised today. Specifically, there are opportunities for a **Director of Governance & Support Operations**, **Director of Finance & ICT** and **Director of Legal**.

The starting salaries for these positions is €90,702, rising (subject to satisfactory performance) to €112,191 by way of a scale of increments.

In addition, a new position of **Digital Forensics Manager** is also being advertised. The successful candidate will join the CEA’s Digital Investigations & Analytics Directorate, where s/he will gain exposure to cutting edge digital investigative activity.

The starting salary for this position is €69,659, rising (subject to satisfactory performance) to €86,865 by way of a scale of increments.

These positions offer the right candidates an unparalleled opportunity to contribute to the establishment and development of a modern and professional corporate law enforcement agency. If you are interested in these positions, or know someone who is, full details of these - rarely advertised opportunities - are available at [www.publicjobs.ie](http://www.publicjobs.ie)

The closing date for all competitions is 3pm on Thursday 9<sup>th</sup> September 2021
